### **EXAMINER'S AMENDMENT**

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 32, lines 2-3: replace "the server" with "a server"

In claim 36, lines 3-4: replace "the server" with "a server"

***Reasons for Allowance***

4. Claims 9-16, 21-23, 25-42, 44-53 and 55-75 are allowed.
5. The following is an examiner's statement of reasons for allowance: None of the prior art of record, taken individually or in any combination, teach, *inter alia*,

With respect to claims 9-16, 21-23, 25-42, 44-53 and 55-74, a method, system and computer readable medium for performing position fulfillment including generating a list of one or more positions that need to be filled by one or more workers; receiving a response by a worker accepting one of the one or more posted positions; and securing, in response to the receiving a response accepting step, the posted position for the worker who accepted the posted position.

With respect to claim 75, a method, system and computer readable medium for performing position fulfillment including posting to a worker, in response to the worker connecting to a server, a list of one or more positions that the worker is qualified to fill, where the list is generated using position records and a worker record for the worker connecting to the server; receiving electronically a response from the worker accepting one of the one or more posted positions; and securing electronically, in response to the receiving a response accepting step, the posted position for the worker who accepted the posted position.

Additionally, Examiner notes that the allowable subject matter of the allowed claims in the instant application reflects the allowable subject matter indicated in the parent application, now U.S. Pat. No. 6,675,151. Examiner also notes the instant

application is a continuation-in-part of applications 09/217116 and 09/419266, filed December 21, 1998 and October 15, 1999, respectively.

The prior art references most closely resembling Applicant's claimed invention is Subfinder.

Subfinder teaches a system and method for finding substitute teachers for absent teachers. Substitute teachers are automatically contacted via telephone to see if they can substitute for the absent teacher position, where the substitute teachers are qualified to fill in for the absent teacher. However, Subfinder does not expressly disclose the combination of limitations as disclosed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

- Dietz et al. (U.S. 6,408,337) discusses engagement of non-employee workers for positions via email; and

- McGovern et al. (U.S. 5,978,768) discusses a method and system for posting and searching job positions.
